#Forward Together

The Leadership of NEA-Salina has worked over the summer to identify educational opportunities that would be beneficial to the staff of Salina Public Schools and Central Kansas Cooperative in Education in our mission to provide a quality education for every student.

If you are an educator within the first five years in the profession, join us for Pizza and Pedagogy from 4:00 to 5:00 p.m. on Tuesday, September 19 at Schilling Elementary.

We encourage all educators to learn how we can be better prepared to work with students who come with adverse childhood experiences. This workshop is on Tuesday, October 24, 2017, from 4:00 to 5:30 at Oakdale Elementary.

You can learn more about these two events on the flyers on page two of the NEA-Salina Newsflash or by [clicking here](#).

Thank you for working diligently to educate the future of Salina, Kansas, and the world.

Jonathan Eshnaur
NEA-Salina President
